Town Warrant

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Springfield in the County of Sullivan in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Springfield on Tuesday, the seventh day of March, next at eleven o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will vote to accept the budget as submitted by the Budget Committee.
4. To see if the Town will vote to authorize the Selectmen to borrow money on notes of the Town in anticipation of taxes.
5. To see if the Town will vote to allow a one and one-half percent discount on taxes paid within thirty days after tax mailing date.
6. To see what the Town will vote to do about additional equipment and the continuance of a capital reserve fund for the purpose of purchasing new (or used) equipment for the Highway Dept., when and if necessary.
7. To see if the Town will vote to authorize the Selectmen to withdraw funds from capital reserve for the purpose

of purchasing new or used equipment for the Highway Dept., when and if necessary.

8. To see what the Town will vote to do about additional equipment and the establishment of a capital reserve fund for the purpose of purchasing new (or used) equipment for the Fire Dept., when and if necessary.
9. To see if the Town will vote to authorize the Selectmen to withdraw funds from capital reserve for the purpose of purchasing new or used equipment for the Fire Dept., when and if necessary.
10. BY PETITION. To see if the Town will establish a Town Conservation Commission as set forth in R.S.A. 36-a., and that the Selectmen appoint such Commission within thirty days from the date of the annual meeting and that a temporary chairman be appointed to call the first meeting of the Commission.
11. To see if the Town will approve the continuance of the survey of Town Forests and the sale of timber.
12. BY REQUEST. To see what action the Town will take in regards to wages for Highway Department employees and price scale for hired equipment.
13. BY REQUEST. To see what action the Town will take in regards to hiring out of equipment for private work.
14. BY PETITION. To see what action the Town will take in regards to rental of the Town Hall and to pass any vote thereto.
15. BY PETITION. To see if the Town will vote to authorize enactment of an ordinance, or ordinances, as recommended by the officers of the Lake KOLELEMOOK Protective Association and approved by the Selectmen of Springfield; and to make any necessary appropriations, if

approved, such ordinances to be in effect until the next Town Meeting.

16. To see if the Town will approve the establishment of a 3-member Cemetery Commission with the power to draw up and publish a set of rules and regulations.
17. To see if the Town will vote to form a committee of three to look into the problem of the Town Dump.
18. To see what the Town will vote to do with regard to the purchase of Lake KOLELEMOOK shorefront property owned by Mr. and Mrs. Frank B. Easton, Jr.
19. To hear the reports of Officers and Standing Committees.
20. To see what the Town will vote to do about the continuance of Standing Committees.
21. SPECIAL ARTICLE BY DIRECTION OF THE SECRETARY OF STATE:
"To take the sense of the qualified voters whether the amendment of the Constitution proposed by the 1971 session of the General Court shall be approved."

POLLS ARE OPEN FROM 11 A.M. TO 6 P.M.

Given under our hands and seal, this fifth day of February, in the year of our Lord nineteen hundred and seventy-two.

Report of the Selectmen

On August 13th the Town was shocked to learn of the sudden death of Kirk Heath . . who was Fire Chief, Deputy Fire Warden and member of the Budget Committee. Kirk was more than locally well known for his Sugar House operation and Campground on Rte. 4-A. He was known throughout New England among the fraternity of maple syrup producers, and his products were shipped to many distant places. His loss is felt by many, many people.

Resigning on October 1st for reasons of health, Florence Melendy, Health Officer, ended a long career during which she had earned the love and respect of many fellow townspeople. Because of the nature of her services, there was little public knowledge of the extent to which she gave of her professional skill or the sacrifices made in ministering to the infirm, the aged and the needy. We wish Florence many happy years of retirement.

We were fortunate in finding another qualified Health Officer in the person of Pauline Drummond, R.N, with a background in the Public Health field.

The Planning Board has been very busy and its report appears later in this book.

The Highway Equipment Committee has met but has made no concrete proposals. We now have \$4,000. plus interest in our Capital Reserve Fund for new or used equipment. Our Grader and Truck have cost a great deal for repairs, as can be found in the report in General Expenses of Highway Dept. The Loader is inoperable. In addition to the cost of repairs, we lost the use of these vehicles for many days, and it seems a matter of top priority that positive action be taken to resolve the problem.

We call your attention to the reconditioned benches in the Town Hall and Town Office; also, the books and bookshelves

which were installed at the Library in memory of Evan George. Fred Davis did the work on the benches, and Vernon Delaney built the bookshelves. Ann and Frank Easton furnished the new books and also contributed to the cost of the work as well as assisting with the acquisition of our new Police Radio which ran over the amount allotted by the State/Federal Grant.

As instructed by a vote of the Town Meeting, we wrote on April 12th to the State Highway Commissioner requesting that improvements be made to the Springfield portion of the Grantham-New London highway. We received a reply in July stating that funds were unavailable at the time but that our request would be considered at a later date. It did seem as though the road was maintained better during the good weather, but now it is worse than ever.

The Fire Dept. has been reorganized under the direction of Fred Davis, new Chief, and many improvements are planned. Fred's report appears later in this book.

The Police Dept. has its new radio and also another Deputy Officer. See Police report for details.

The Recreation Committee installed a safety area at the Beach and worked with members of the "Privy Council" in furnishing temporary toilet facilities. Plans are under consideration for a skating area to be used by the young people under adult supervision. The Committee hopes to raise funds through private sources to obtain a new float and ladder at the Beach.

During the summer the Lake KOLELEMOOK Protective Association was formed by concerned residents, both seasonal and full time. The purpose of this organization, as the name implies, is to act in the best interests of the Town in preserving our greatest natural asset. We assure them of our cooperation in attaining their objectives.

As reported in our message last year, the fund to create a

suitable memorial for Seely Philbrick is still open for contributions. The amount donated since last year's report is exactly zero . . . so that we have only the original \$25, plus \$1.22 interest. This is not a Town account and it is being handled by the Selectmen only because the anonymous original donor was a non-resident who asked us to take charge of it. There are a number of ways in which this fund could be applied as a memorial to Seely and at the same time be beneficial to the community. We would appreciate your suggestions.

We have occasion to be alarmed over possible changes in the manner of determining our share of the Regional School budget. The increase in our share this year was \$13,000.00 (up from \$62,000.00 to \$75,000.00). Under the proposed change, we *could* jump to \$106,000.00 or \$31,000.00 more in *one* year, without even taking into consideration our share of the upcoming budget increase of some \$150,000.00.

There are possible alternatives, any of which will cost us more than we pay now, and a committee comprised of Dorothy Nodine, Benjamin Kezar and Edwin Sanders was appointed at our Budget Hearing to study the question and meet with representatives of other towns in an effort to reach some compromise before the Annual School District meeting. We strongly urge attendance at the District Budget Hearing as well as the Annual Meeting where every vote may count.

We now owe only \$1,000.00 on notes, and this will be paid this year. Very few towns are in such good condition in this respect. *However*, we have sacrificed much-needed expenditures for the Highway and Fire Departments in maintaining this position. This year as the Budget indicates, we plan, with your approval, to initiate a program to improve the services which a forward-looking town should provide.

School and County taxes took \$3.02 of your \$4.00 per hundred in 1971. The following schedule shows that we have maintained a fairly stable municipal rate over the past seven years; and, in fact, had the lowest this last year in propor-

tion to the total rate.

	1965	1966	1967	1968	1969	1970	1971
Town	\$1.19	\$1.12	\$1.03	\$1.23	\$1.30	\$1.11	\$.98
County	.40	.37	.41	.35	.53	.51	.65
School	1.71	2.17	1.96	1.82	2.53	2.18	2.37
	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>
Rate	\$3.30	\$3.66	\$3.40	\$3.40	\$4.36	\$3.80	\$4.00

It is difficult in a report of this nature to cover the many aspects of the Town's affairs. There is much more that might be included, the problem is what to omit.

In any event, we wish once again to express our appreciation to all who have helped to make the past year a forward step for the Town of Springfield.

JOSEPH W. DAVIS

Report of Library Trustees

In March of 1971, Mrs. Mabel Patten was elected Library Trustee to succeed Mrs. Mildred Davis, who did not wish to run for re-election.

Mrs. Verna Cote, Chairman, resigned in July of 1971 because she moved out of town. Mrs. Marjorie George was appointed by the Selectmen to serve the rest of Mrs. Cote's term.

Mr. and Mrs. Easton gave a gift of books and a set of bookshelves in memory of Evan George.

Police Department Report

Our Police Radio was installed in July, enabling us to contact the State Police and Newport Police Department, as well as providing car-to-car communications with New London, Sunapee and Croydon.

During the year, Bernie Ross, Police Chief of Sunapee, was deputized to exercise police powers in Springfield, and we are indebted to him for handling a number of local calls.

We want to give special thanks to State Troopers Bardon Flanders and Ronald Bruce for their coverage of Springfield at all hours of the day and night.

The fact that we showed a reduction in the value of stolen property, from over \$5,600. last year to \$400. this year, is probably due, in part at least, to stepped-up coverage by our own department aided by these other agencies.

ACTIVITY REPORT

Complaints	76
Breaking and entering	3
Accidents	6
Missing persons, found	3
Stops	56
Warnings	22
Arrests	3
Assistance to motorists	12

KNEILAND A. WHEELER,
Chief of Police

Fire Chief's Report

This report is to let you know that the Springfield Fire Department is moving ahead, with the growth of the town.

There are seven to ten new housing developments, in different parts of town. In order to stay abreast with this kind of growth, we have to become more active and grow too.

Here are some of the things we hope to get and do this year, to give you, the taxpayers, better protection.

An alarm system is needed, to call firemen faster than in the past.

A 1500 gallon portable, canvas water bag is needed, so water from the tanker can be left at the fire, while the tanker goes for more water.

Rain gear for the men and boots with steel toe and shank. It's no fun trying to fight fire in street clothes.

Two first aid kits and training in their use.

Dry chemicals for bottle gas and oil fires.

A different tank truck. Ours is a 1940 and holds only 500 gallons of water.

We have a mutual aid agreement with Sunapee, Wilmot and New London. These departments have agreed to send state trained men to teach our firemen.

We hope to take advantage of the state fire fighting school, also, in order to learn the newest techniques in fire fighting.

The Fire Department will hold an open house later this year so you may see the changes being made and where your money is being spent.

FRED L. DAVIS,
Fire Chief

SPRINGFIELD VOLUNTEER FIRE DEPARTMENT

Report of the Planning Board

In 1971 the Planning Board met regularly on the third Tuesday of every month. Most of these meetings were spent reviewing subdivision proposals.

In addition, we had several special meetings. One of these was an open meeting when there was concern about the Lake and the Town's young people. Out of this meeting, a lake association was formed and continues to function.

Since it was our desire to do the best possible job, we have tried to educate ourselves by: talking with experts, collecting pamphlets, books, articles, attending classes and meetings, attending meetings in other towns and observing what is happening all around us.

The subdivision regulations that are now in effect are certainly a step in the right direction. Springfield is going to grow, and there is a difference between good growth and bad growth. Once we recognize what is good and what is bad, we can determine to a large extent, through planning, what our Town will be like.

Poor planning or no planning at all can really cost a town money, lower property values, and lower the tax base. Proper planning requires that we have as much information about Springfield as we possibly can . . . sort of an inventory of all available facts, from such varied information as skills and talents that individuals in the Town possess . . . to soil conditions throughout the Town. Every piece of information we receive is kept on record so that our subdivision regulations are being helpful in compiling information that will be used in planning, and eventually in a tax map that is required of all towns by 1980, and could be very expensive if we had to start from scratch.

All laws and regulations require inconvenience to somebody, and that is why we have tried to keep our proposals

to the absolute minimum and still be effective and useful. This is a good place to mention that all persons selling a piece of property in Springfield, regardless of whether or not they are subdividing, should contact a member of the Planning Board, so that we may stamp the plan or deed.

Some additional things we have worked on and will continue to work on and study are: Town Map, roads and status of roads, comprehensive plan, Gile Forest, Town forests and property, Town beach, historic sites, mines, etc., soils map, dump, ecology problems and potential problems, zoning, schools, and much more. There are things happening in the area that are bound to have an impact, and with your continued support we will try to be ready.

RICHARD A. JACKSON,
Chairman

Kearsarge Visiting Nurse Association Report

The KVNA offers skilled nursing care, physical therapy, casefinding, nursing evaluations, TB testing, and speech therapist (in area). Also, health supervision in pre and post natal cases including: newborns, crippled, handicapped and retarded children and adults, mental health, diet instruction and use of surplus food, instruction on safety hazards, disease prevention and health promotion. Referrals were made to surplus food, town aid, health officers, physicians, welfare, child and family service, nursing homes, school nurses, mental health clinics, local organizations, other VNAs, hospitals. Communications with hospital personnel, medex, social service department for purpose of follow-up through the referral system to KVNA.

Immunization clinics were held in each of the towns of New London and Warner in April, May, June and September, October, November, a total of 12 clinics reaching 294 children with 548 immunizations. The following vaccines were available: DPT, tetanus, polio, smallpox, measles and rubella.

Total visits to Springfield for 1971 were 67 on a no fee basis. An additional 23 visits were made in Jan., 1972, only. There has been a wonderful increase in referrals in the past couple of months which shows there is a need for our services. Please feel free to call us between 8-9 A.M. at 506-4077.

Sincerely,

MRS. LOIS SPEARMAN, R.N.

School Board Member's Report

It was with regret that the School Board decided to suspend operations at the Springfield Memorial School and ask the students' parents permission to send them to the Central School in New London. While a small saving will result, the underlying reason was that attendance had fallen to 12 in the first 3 grades and it was felt that a better education could be given them in larger classes where more competition would be involved.

Operations at the new Kearsarge Regional High School have smoothed out since its opening a year and a half ago. The grounds and fields around the building are expected to be in good shape this summer. Adult education courses will be begun this month at a nominal fee.

One of the most important matters to be considered at the Annual School Meeting on March 18th will be a warrant to change the formula under which each of the seven towns is assessed for its share of School costs. State law (Chapter 195, par. 8, page 77) says this formula may be revised 5 years after the forming of the region or in 5 year periods since the last change was made. This is the year when an alteration in the formula can be considered.

When Kearsarge Regional was formed a formula was agreed upon as follows: — costs to be allocated — 75% for Average Daily Membership (number of students) and 25% for Equalized Valuation (Property Tax). Throughout the state this formula runs the whole gamut, from 100% on number of pupils to almost the opposite, that is, most of the cost on valuation. What causes the formula differences is a moot question, but it could be a matter of compromise. Or it also could be a matter of voting power.

At the moment, it can be said for certain that Springfield's Equalized Valuation figure will be sharply increased to the 1970 total of \$6,674,430.00, the amount which will be

used in the apportionment formula. Needless to say, any change in the present set-up will affect the amount of taxes each Springfield resident will pay. A committee has been formed to study the effects of various formulas on our tax rate. It is composed of Mrs. Ralph Nodine, Mr. Benjamin Kezar and E. A. Sanders. An open meeting will be held on March 1st at Kearsarge Regional High School for the entire district to try to agree on a reasonable way to settle this question before the school meeting on March 18th.

Respectfully submitted,

E. A. SANDERS,
School Board Member

TOWN OF SPRINGFIELD, N. H.

September 12, 1971

Mr. Edwin A. Sanders
Kearsarge School Board Member
West Springfield, N. H.

Dear Mr. Sanders:

Our new tax rate shows an increase despite a substantial gain in net valuation. This increase is due in large measure to the School assessment which again has risen sharply while the municipal portion of the tax rate has gone down.

As Selectmen with the responsibility of working in the best interests of the people, we are deeply concerned over what appears to us to be an excessive rate of increase which may bankrupt the Town in a very short time if the trend continues.

Therefore, we urge you, as our representative, to impress your fellow School Board members with the importance of eliminating every cost not absolutely essential to the provision of a good education for our young people.

We do not presume to tell you where or how to cut costs, although we know the possibilities exist, but will rely on the good judgment of the Board and its ability to equate the demands of the educators with the ability of the taxpayers to keep pace with those demands.

Very truly yours,

BOARD OF SELECTMEN

JOSEPH W. DAVIS, Chairman

ARNOLD PUTNEY

HENRY W. KIDDER III

Report of New England Forestry Foundation on Town Forests

R.F.D. 1
Newport, New Hampshire
December 14, 1971

Board of Selectmen
Springfield, New Hampshire

Gentlemen:

RE: Town Forests

At the request of the town of Springfield, we undertook the assignment of locating all of the property owned by the town. This was to be paid for from funds received from the sale of mature timber on one of the lots through competitive bidding. It was agreed that because of the large amount of time and expense involved that the work would be spread over a two- or three-year period.

After meeting with the selectmen, we thoroughly researched the deeds of the many parcels involved. Also, many residents and other people knowledgeable in the location of these parcels were consulted. At this point we were able to begin the field work involved in locating the boundary lines of the lots. We now know the approximate location of all of the parcels and this information is sketched onto a map of the town of Springfield. We also found that one lot (listed as Dodge & Quimby in the town inventory) is located within the bounds of Gile Memorial Forest and claimed by Dartmouth College. A separate and detailed report has been submitted relative to this.

Three lots have been located on the ground and the boundaries have been painted red with the corners witnessed with small aluminum tags noting the name of the lot, that it belongs to the town, and the relative position of the corner is specified. The lots completed in this manner are the Brook Lot, on Shad

Hill, the Kinsley Lot, near the cemetery, and the Sunapee Heights Lot, located on the New London town line.

In addition to this the McDaniels Lot located in McDaniels Marsh was examined with the idea that there might be a sufficient volume of gravel to warrant opening a pit for the use of the town. Results were inconclusive and it will be necessary to explore this possibility with heavy equipment. Some of the boundaries were found but all work on the bounds of this lot will be left until the last because of the large amount of swamp involved.

We selectively marked the timber located on the Brook Lot on Shad Hill, bids were obtained with the successful bidders being the Sharp Brothers of Alexandria, New Hampshire. Cutting is in process at the writing of this report so that the actual volume removed cannot be reported.

We also were able to work with the Selectmen and Kneiland Wheeler to establish the bounds around the municipal buildings, prepare a map, and survey description, so that title and location of the lot may be recorded.

There is still considerable work to be done on the bounds of the town forests along with the examination of each to determine the value of the timber and to point out conservation practices that might be carried out to enhance the growth and quality of the timber. At some point after the lots have been located precisely, it is recommended that a policy be established for management of each lot or possibly the disposal of some of the land that is not useful in the future plans of the town.

It has been a pleasure to be of service.

Respectively submitted,

STANLEY J. RASTALLIS, R.P.F. & L.S.

Resident Forester

Marriages Registered in the Town of Springfield, N. H. for the Year Ending December 31, 1971

Date Place of Marriage	Name and Surname of Groom and Bride	Name of Parents of Groom	Name of Parents of Bride	Name, Residence and Official Station of Person by whom married
